Invitation

Dear colleagues,

We are pleased to invite you to join our upcoming Trilateral German-Polish-Czech meeting and Young Investigator Forum on October 21st and 22nd in Dresden.

This meeting has become a platform for clinical and scientific interaction between our countries and stimulates the exchange of our knowledge.

The meeting will be held in association with the Federation of Saxonian Nephrologists, the Czech Society of Nephrology and the Lower Silesian Division of the Polish Society of Nephrology.

We hope that we composed an interesting programme focusing on the important formation of future collaborations and the interest and recruitment of young scientist.

Participants are cordially invited to submit abstracts of their recent scientific work by August, 15th and present their data in oral form or just participate without any abstract.

We are looking forward to seeing you soon in Dresden.

Prof. Dr. Christian Hugo

Prof. Dr. Bernd Hohenstein

Division of Nephrology
Medical Clinic III
University Hospital Carl Gustav Carus
Dresden, Germany

Program

Friday, October 21st
