## ABOUT SEA DIALYSIS

---

SEA Dialysis was created with the goal to enable dialysis patients from all over the world to visit and enjoy their holidays in one of Greece's most famous destinations, the beautiful island of Mykonos and nearby islands including Tinos, Syros, Naxos, Paros and others.

SEA Dialysis is a new state-of-the-art dialysis center that complies with European standards of health and safety while providing quality dialysis services in a luxuriously-designed modern setting offering stunning views of the Aegean Sea.

SEA Dialysis is next to Sea Medical Health Clinic, a fully equipped primary care clinic with over 18 medical specialties, located at Aggelika Mykonos, very close to Mykonos town, the airport and the port of Mykonos (10-15 mins drive).

Centrally located in Mykonos Island SEA Dialysis strategically enables our renal patients to enjoy their holiday wherever they choose to stay on the island. The maximum travelling time to our facility from the furthest popular holiday resort, is no longer than 30 minutes.

### Our guests benefit from:

- Expert nephrologists and experienced nursing team taking care of patients at all times
- The latest technology from Baxter, the Artis Physio Plus multi-therapy system
- Central location - 10 mins drive from Mykonos town, port and airport
- Spacious Dialysis stations with stunning views of the Aegean Sea
- Multilingual staff (languages spoken include Greek, English, Italian)
- Free Wi-Fi and satellite TV for each dialysis station
- Complimentary snacks and refreshments for guests and accompanying visitors
- Luxuriously decorated indoor and outdoor waiting areas for guests and accompanying visitors
- Air conditioning & lighting controlled separately for each dialysis station
- Wheelchair accessibility
- Free parking
- Treatments are available for Hepatitis B and C patients and HIV positive patients
- We accept the European Health Insurance Card (EHIC)

### Additional amenities available upon request:

- Private Rooms with en-suite bathroom for patient and accompanying guests
  - Transportation from and to SEA Dialysis
  - Collaborations with local businesses, including hotels for special discounts for our guests.
- Don't hesitate to ask us what is available upon booking treatment.

We look forward to  
welcoming you in Mykonos!
